Bringing Doors to Life!

Summit Automation provides the best door and window automation systems in the world with exceptional Customer care.

## CONTROL OPTIONS

### TOUCHSCREEN KIT

The high-resolution touchscreen replaces the standard interior switch with some style. The screen times out to black after 25 seconds and illuminates with a touch. Easily navigate through the system operation, special features, and diagnostic screens. The perfect upgrade with a sleek modern look.

### WALL SWITCH KITS

The wall switch kits come standard with every system. You can open, close, stop, and unlock your doors with the push of a button. It can also enable and disable our self-close & auto-open features. Our switches have the option of being protected with a 4 button code to ensure the right person is operating the system. Wall switch kits are available in both wired and wireless options. Available in White or Black.

### REMOTE FOB KITS

The Remote FOB gives you ultimate convenience whether you're inside or out. With a 75 foot range, the Remote FOB gives you total system control.

### EXTERIOR TAMPERPROOF KEYPAD

The illuminated exterior keypad works great in any weather condition and is completely waterproof. Entering the proper code will send an open signal to the control box and give you access from the exterior of the door unit. Its slim 2" x 6" frame looks great on any exterior application.

### WAVE MOTION SENSOR

Our Wave Motion Sensor is the perfect hands free solution that allows you to open the door without even pressing a button. All you need to do is wave your hand or arm in front of the sensor and the door will automatically open. You can even adjust the sensitivity of the sensor to operate with motion from 1" to 14" away based on your intended use.

### SUMMIT DOOR CONTROLLER APP

The Bluetooth Chip allows our system to accept commands from our Summit Door Controller APP. Download from either the Google Play or the IOS APP store and control multiple automation systems with your smartphone or tablet.

No other company can compare to the quality, reliability, and Customer care of Summit Automation.
